

MANUFACTURING A BETTER SHIPPING SOLUTION

To have a catalog or sample kit shipped the same day, please provide your name, address, phone number, and email address to **CustomerService@Papercone.com** or call **800-626-5308**.

Papercone.com

Whether your facility is shipping parts, catalogs and sales materials, warranty books, technology products or other goods, we have an alternate shipping package to replace the corrugated box. We provide a multitude of large, secure envelope products that can save you shipping costs.

- **DuPont™ Tyvek®** – Memorable texture, lightweight, water and tear resistant
- **Kraft Paper** – Kraft expansions are perfect for in-plant job jackets and warranty books. Additionally, 3" x 5" Tin-Tie envelopes have a metal safety fold perfect for rigid parts and even soil samples.
- **Herculink® envelopes** – Reinforced fiber provides superior protection against bursting, while its poly layer provides moisture resistance.
- **FiberCraft EF®** – Environmentally friendly, durable, made from 76% recycled paper
- **Tri-Brite®** – The brightest of bright, tear resistant envelopes

We stock many flat and expansion envelopes up to a 12" x 16" x 5".

Since serving our customers for over 50 years, we are the largest specialty envelope manufacturer in North America. Our envelopes are American-made and distributed from our plant in Louisville, KY.
