

SHIPPING SAVINGS CAN ADD UP

In a tight economy, pennies of shipping savings can accumulate to thousands of dollars to your bottom line. We offer an alternative to the corrugated box method with DuPont™ Tyvek® shipping envelopes, which reduces dimensional weight.

Below is a shipping comparison using a corrugated box versus a DuPont™ Tyvek® envelope. Let the savings speak for themselves.

 UNITED STATES POSTAL SERVICE USPS Ship from Bowling Green, KY to:	T-shirts		Shipping savings using a DuPont™ Tyvek® envelope	Home Décor Pillow		Shipping savings using a DuPont™ Tyvek® envelope
	DuPont™ Tyvek® envelope	14" x 10" x 10" box		DuPont™ Tyvek® envelope	17" x 14" x 8" box	
St. Louis, MO	\$8.70	\$9.90	12%	\$7.10	\$7.60	7%
New York, NY	\$11.65	\$13.50	14%	\$7.40	\$9.75	25%
San Francisco, CA	\$17.50	\$20.05	12%	\$7.75	\$12.75	40%

*USPS Ground April 2017. Above rates based on single shipping. Rates will vary depending on volume.

To have a catalog or sample kit shipped the same day, please provide your name, address, phone number, and email address to CustomerService@Papercone.com or call 800-626-5308.

DuPont™ Tyvek® envelopes are lightweight, water and tear resistant, and are a less expensive shipping method for most products. For example, if you have 5,000 shipments of pillows between the Midwest and CA, you can **save as much as \$25,000** using an envelope versus a box.

Additionally, they can be custom designed to extend your brand.

Since serving our customers for over 50 years, we are the largest specialty envelope manufacturer in North America. Our envelopes are American-made and distributed from our plant in Louisville, KY.
